Veille stratégique d'opportunités de financements européens

Dans le cadre de son budget pluriannuel, l'Union européenne octroie des financements à des programmes et des projets qui leurs sont rattachés. Ces fonds servent à réaliser les objectifs de l'Union européenne et des États membres en matière d'innovation, d'emploi, de santé, de mobilité, de sécurité ou encore d'environnement et de citoyenneté.

Ils sont encadrés par un instrument plus large, auquel ils doivent se conformer : le cadre financier pluriannuel (CFP) de l'Union européenne. Tous les sept ans, l'Union européenne révisé la stratégie d'attribution des fonds européens pour répondre aux enjeux des territoires et des populations et aux nouveaux défis de l'Union européenne.

Pour la période 2021-2027, il s'élève à 1074 milliards d'euros complété par le plan de relance NextGenerationEU de 750 milliards d'euros.

Medcoop vous présente ci-dessous une sélection d'appels liés à l'ESS et l'innovation sociale publiés dans la première moitié de l'année 2021.
